

Shot Put

What is a Shot?

A shot is a circular metal ball that athletes have to 'put' (pushing motion) as far as they can.

What heavy is the Shot?

U6, U7	1.0kg
U8	1.5kg
U9, U10, U11, U12	2.0kg
U13, U14, U15 Girls	3.0kg
U15 Boys	4.0kg

How do the athletes "put the Shot"?

- Starting Position - stand side on, feet shoulder width apart and use the non throwing hand to aim.
- Grip - sit the shot at the base of the fingers (not in the palm or in the fingertips). The thumb and little finger rest around the sides of the shot and the three middle fingers are at the back.
- Sit the shot in the curve of the neck just behind or on the upper part of the jaw (not on the cheek or ear).
- Putting the shot - keep the elbow up as the shot is pushed. Athletes should finish with their thumb pointing down and palm facing out.
- This technique stops the elbow from dropping thus ensuring the shot does not come away from the neck. The saying, ("elbow up, thumb down, palm out") can help remember the sequence.

When is a foul recorded?

- If the shot lands on or outside the sector lines.
- If the hand drops away from the neck or goes behind the line of the shoulder during the putting action.
- If the shot is thrown like a ball.
- If any part of the athletes body touches the top (not the inside edge) of the stop board.
- If any part of the athlete's body touches the outside of the circle during the putting action.
- If the athlete walks out the front half of the circle.

Shot Put

How do I measure?

- Measurement is from the nearest edge of the landing mark of the shot to the inside of the stop board.
- The zero end of the tape goes out to where the shot lands.
- The tape needs to be pulled directly back through the centre of the circle.

What are some basic rules?

- The shot can only be put with one hand.
- The shot cannot be thrown like a ball.
- Athletes must commence the action from a stationary position inside the circle – meaning they cannot do a run up from outside the circle.
- The athlete must not leave the circle until the shot has landed.
- Athletes must be told the reason why they have been fouled.
- Athletes can enter the circle from any direction (front OR back), but must exit from the back half of the circle.

What are the safety considerations?

- Keep participants who are waiting their turn to put, well back from the circle.
- Judges should stand on the outside of the sector lines and always be alert.
- Make sure the shot is smooth and there are no unsafe edges.
- Make sure the sector lines extend well past the largest put you are expecting.
- Carry the shot back after each put.
- Shot to be placed on the ground for athlete to pick up.
- Athletes must not put until told to do so.

What are some "Handy Tips for conducting shot put?"

- Mark out sector lines before the competition for the day starts.
- Have the next athlete ready to put.
- Move any shots that are not being used, away from the immediate area.
- Standing shot put is recommended for younger age groups.
